Dear Commandants, Dear Rectors,

It is mu great privilege to invite you to participate in the eighth edition of the *International Week* of "Nicolae Bălcescu" Land Forces Academy of Sibiu between 09th – 13th of June 2025.

The purpose of the *International Week* is to enhance and intensify the international collaboration with our partner institutions. The aim of this *International Week* is thus to increase student mobility and the recognition of our partner institutions among our students and academic staff, by promoting international studies and international mentality to students.

The participants to the *International Week* are lecturers and researchers from our partner institutions, but it is also open to non-academic staff such as Erasmus+ coordinators, administrative staff from the international offices to share best practices and visit the academy. Both the host institution and the attendees are required to give a short presentation about their institutions and the participants will have the opportunity to share and distribute details about their university during the coffee breaks.

In addition to the teaching, social, and cultural activities, the event also includes the attendance to the **31st International Scientific Conference – The Knowledge Based Organization**, which will be held in the period 12-13 June 2025, being a favorable framework within which academics and scientific researchers have the opportunity to exchange experiences and views from their research in their own area of expertise.

I sincerely hope that the teaching staff and researchers will consider participating in the *International Week* within the Erasmus+ Programme and/or in the conference's sections.

The Academy offers the participants of free lodging and meals on week days. Transportation to/from the venue is under the participants' responsibility. No participation fee is required for the *International Week* of "Nicolae Bălcescu" Land Forces Academy of Sibiu.
